

# Proverbs: Wisdom For Work

In a world of 'how to', 'self help' and 'simple steps' on everything from business success, relationship advice, healthy eating, de-cluttering, to running your best marathon, it's easy to feel overwhelmed discerning information from knowledge and knowledge from wisdom.

The biblical book of Proverbs reminds us that God has not left us alone to navigate life as best we can. God's wisdom is available for us to apply in the situations we face through life.

Guest speaker, Antony Billington (Theology Advisor at LICC), will give us a refreshing and applied introduction to the book of Proverbs helping us live wisely in God's world.
